Minutes Approved

Old Business:

- November Meeting - Mia to email Amelia about joint event
- Fair: Signup sheets available for judges, stewards and fair week volunteers. Mia will email out a list of what's complete and what still needs to be filled. Mia to check with 7 Bridges regarding donated ingredients. Fermentation Solutions has agreed to donate for one batch as well. The booth is to be put up the weekend of the 29th and 30th, with finishing touches after the judging is complete. Mark Crain could still use some help. Mia will order tasting glasses from Seabright. They offered to get them through distribution at cost for us. That should help with our budget this year, we go through a lot of glasses.

New Business:

- 7 Bridges was shipped two bags of non-organic grain in error and donated it to the club. Some of it will be used for fair brews, so please advise Mia of your recipe requirements. After that we will email a date to bring containers over to the Bossies and we will divvy it up. You will have to confirm ahead via email that you will be coming so we can do the math.
- Larry is about ready for the Old Ale Barrel project - please email him directly if you are interested. Will need a total of 70 gallons to fill the barrel.
- After Larry's barrel is done Dave will start the Imperial Stout project.
